

COOKIE POLICY

Our website uses cookies to improve functionality and understand how users interact with our content. This policy explains how cookies work and how you control them.

What Cookies Are

Cookies are small files stored on your device when you visit our website. They help pages load faster, remember preferences, and support analytics.

Cookies We Use

Essential Cookies

These cookies are required for website operation. They manage page loading, navigation, and security. You disable them only through your browser settings, but this affects site behavior.

Performance and Analytics Cookies

These cookies help us understand how visitors use our website. We study page views, time spent on each section, and user paths. This information improves layout, content, and functionality.

Functional Cookies

These cookies remember your preferences. They support features such as saved settings and smoother browsing.

Marketing Cookies

We use these cookies only if you allow them. They help personalize ads on other platforms and measure how effective our marketing campaigns are.

How We Use Cookie Data

We use cookie information to improve website performance, update design decisions, and enhance user experience. We do not use cookies to identify you without your consent.

Managing Cookies

You control cookie preferences at any time through your browser settings or our cookie settings page. You delete or block cookies, but some features stop working smoothly if essential cookies are disabled.

Third-Party Cookies

We use trusted third-party tools such as analytics platforms or embedded services. These partners place their own cookies according to their policies. We ensure these tools follow industry standards.

Changes to This Policy

We update this policy as our tools, features, or legal obligations change. Updates appear on this page.

Contact

If you have questions about cookies or data usage, reach out through our [contact page](#).
